### Job description

A Webinar Instructor will lead a group learning and discussion session on a topic related to vision therapy. Lecture topics can range from a novel idea for a VT activity, lesson or technique, a personal experience that has enlightened your care for VT patients or an idea you feel will enhance others' VT training.

### Requirements

You are asked to provide a PowerPoint presentation and facilitate discussion following that, for a total time of 15 minutes. Prior to the webinar, you will need to provide us with your presentation material and 2-3 questions, related to your lecture, so that we can have the participants answer at the end of the webinar so they may receive CE credits.

To participate, you will need the following equipment;

- Computer with GoToMeeting application
- Headset/microphone capabilities

Each instructor will join in with 1-3 additional instructors to facilitate one (1) webinar session as we would like to provide a variety of lecture topics in each session. We ask that you please indicate the best times that you would be available to host a webinar session below.
